## CREATIVE WORKS

---

[ 31/08/2024 – 28/09/2024 ]

### Compras

**Tech: React Native + Redux TK + Firebase DB**

An app for sharing shopping lists between people in the same group or family. Users can create an account, form a group, or join an existing group. Within the group, they can create and update shopping lists in real time, adding products and quantities. All group members have access to the lists and can share them, making the purchasing process more organized and efficient.
